ROCKSTAR ENERGY HUSQVARNA FACTORY RACING'S DALTON SHIREY FINISHES NHHA ROUND TWO IN SECOND PLACE

Round 2 of the AMA National Hare and Hound took place this weekend in El Centro, CA and was hosted by the Roadrunner Offroad Club. The course was two loops, loop one 60 miles and loop two 33 miles. The first loop contained more open desert trails and sand sections while the second loop presented racers with technical rocky trails and canyons. Weather was 75 degrees with no wind, making for dusty race conditions.

Rockstar Energy Husqvarna Factory Racing's Dalton Shirey got a good start off the line finishing the run in fourth place, moving quickly into third. Shirey battled with second place for about 45 miles before he was able to make the pass into second place. During the time that it took him to battle for a runner-up position, the leader had gained more time. Shirey finished second overall in the Pro class, about three minutes behind the lead position.

Dalton Shirey: "Round 2 was a huge improvement for me. I started the day out up front and missed some of the dust. I had a tough battle to work into second place and pushed to keep that finishing position. Looking forward to the next one!" said Dalton Shirey.

AMA NHHA Round 2 Pro Results:

1. Kendall Norman (HON)
2. **Dalton Shirey (HQV)**
3. Justin Morgan (HON)
